PROFILE INFO

Passionate about coding and problem-solving, I thrive on learning and experimenting with new tools, languages, and frameworks. I enjoy breaking down complex problems into simple, elegant solutions and continuously improving my skills. Adaptable and motivated, I'm always ready to take on new challenges.

MY PROJECTS

TravelBuddy

- Full-stack web application for flight search with React + TypeScript, ASP.NET Core, PostgreSQL, JWT authentication, and API integration.

- [GitHub](#)

Code-Online

- Web-based code editor built with Next.js, featuring real-time code preview, styled with TailwindCSS.

- [Live Demo](#) | [GitHub](#)

My YouTube

- React.js application simulating a YouTube interface with video search, playback, and video listing functionality.
